EDUCATION

Hutech University

2018 - 2022 | Information Technology

GPA: 3.08/4.0

SKILLS

- Problem solving
- Knowledge of algorithms and data structures
- Strong analytical and reasoning skills
- Proficient in software troubleshooting and code base debugging
- Able to work collaboratively
- Software programming languages

PROJECT

WEBSITE SELLING FURNITURE
ONLINE

<https://github.com/DangHoaiPhong/Wed-C-.git>

Position: Front-End , Part of Back-End

- Language: ASP.NET MVC (C#), SQL
- Design implement responsive design principles, resulting in a more user-friendly interface
- Deploy necessary functions for the sales website and handle logic when calling the database

EXPERIENCES

VINA ASTEMS - November 2022 - June 2024
Software developer

Responsibilities

API Integration:

- Developed and maintained Angular services to handle HTTP requests for fetching and sending data to the backend
- Utilized Angular's HttpClient to perform GET and POST requests to RESTful APIs, ensuring seamless communication between the front-end and back-end systems

Data Handling:

- Created and managed TypeScript interfaces to define the structure of data received from and sent to the backend
- Implemented functions to handle the response data, ensuring it is correctly processed and displayed in the application

UI Component Integration:

- Integrated DevExtreme UI components to enhance the functionality and user experience of the application
- Customized component behavior and appearance using Angular bindings and CSS classes

Key Technologies and Tools Used:

- Angular, TypeScript, HTML/CSS
- DevExtreme UI Components
- RESTful APIs
- HttpClient

Projects and Achievements:

- Successfully integrated complex API interactions within the Angular application, enhancing overall data management and user experience
- Enhanced the application's user interface and experience through the use of DevExtreme UI components

PROJECT

WEBSITE SELLING FURNITURE
ONLINE

<https://github.com/DangHoaiPhong/springmvc>

Position: : Full-Stack

- Use library Spring MVC, JAVA and SQL
- Design implement responsive design principles, resulting in a more user-friendly interface
- Deploy necessary functions for the sales website and handle logic when calling the database

LANGUAGES

Able to communicate and read
English at a basic level

CERTIFICATION

CEFR A2 - Certificate Of Completion
for successfully completing in Wall
Street English
